

SURYA PRAKASH S

AWS Certified Cloud Practitioner | Cloud & Digital Operations | Technical Support | DevOps

Pudukkottai, Tamil Nadu | 9600834966 | prakeshs870@gmail.com | linkedin.com/in/surya-prakash-s-p

SUMMARY

AWS Certified Cloud Practitioner with hands-on exposure to AWS cloud services, Linux, networking, cloud monitoring, and Infrastructure as Code (IaC). Currently working as an Associate System Engineer Intern, contributing to Azure Landing Zone research, cloud governance, budget/alerting PoCs, product development, and HLD/LLD documentation. Seeking opportunities in Cloud Infrastructure, IT Operations, DevOps, and Infrastructure Support.

TECHNICAL SKILLS

Cloud Platforms: AWS (EC2, S3, IAM, VPC, CloudWatch, CloudFront, SNS, CloudFormation), Azure (Landing zones Fundamentals)

Networking: TCP/IP, DNS, DHCP, HTTP/HTTPS, Subnetting, Network Troubleshooting

Infrastructure & DevOps: Terraform (Basics), CloudFormation, Git, GitHub Actions, Version Control

Systems & Troubleshooting: Linux CLI, Windows Fundamentals, Log Analysis, Technical Troubleshooting, Incident Management

Development & QA: Python (Basic), AI-Assisted Web Development, User-End Testing (UAT), Issue Documentation & Validation

PROFESSIONAL EXPERIENCE

Associate System Engineer Intern Devopstrio | July 2026 – Present

- Contributing to Azure Landing Zone research, cloud governance documentation, and Azure Budget/alerting PoC activities.
- Developing and updating webpages and product features using AI-assisted development workflows.
- Performing user-end testing (UAT), documenting suggestions/issues, supporting fixes, and validating/retesting changes.
- Preparing HLD/LLD documentation and working with Git/GitHub; gaining hands-on exposure to Terraform basics.

AWS re/Start Cloud Trainee AWS re/Start Program | July 2025 – October 2025

- Completed training in AWS cloud fundamentals, Linux, networking, and cloud security.
- Built hands-on labs using EC2, VPC, IAM, S3, CloudFormation, and CloudWatch.
- Gained practical exposure to Linux commands, networking concepts, IAM, and AWS services.
- Practiced basic cloud troubleshooting through AWS hands-on labs.

PROJECTS

AWS-Based Cloud Monitoring & Alerting System

- Designed and implemented an AWS monitoring solution using EC2, CloudWatch, and SNS.
- Configured CloudWatch alarms for CPU utilization and EC2 instance failures.
- Used CloudWatch metrics and logs to investigate infrastructure issues and perform basic troubleshooting.

Highly Available Static Web Hosting using AWS

- Designed and deployed a static website using Amazon S3 and CloudFront.
- Configured IAM policies and secure bucket permissions for controlled access.
- Used CloudFront CDN for improved website performance and content delivery.

EDUCATION

B.E. Automobile Engineering- Kongu Engineering College

CGPA: 7.84 | 2021 – 2025

CERTIFICATIONS

AWS Certified Cloud Practitioner

AWS re/Start Graduate

ACHIEVEMENTS & LEADERSHIP

Technical Head – Automobile Engineering Association (2023–24)

SAEISS Bicycle Design Challenge – 3rd Place (2023)
